## Get in Front of Healthcare Leaders with Real Buying Power

*Why access to the right healthcare decision-makers matters most*

### Connecting all Stakeholders

*Responsible for the Planning, Design, Construction and Operations of Healthcare Facilities*

*"This was our first year exhibiting at the HFSE and it did not disappoint. It is one of the easiest shows from a planning perspective, actually probably THE easiest. These folks have their act together. It's a comfortable networking environment and we will for sure be back next year in Charlotte. THANK YOU." —Gary Schindele, President, Paladin Healthcare LLC*

*"HFSE was a true pleasure to attend this year. The expo hall, filled with natural light, created an inviting atmosphere and positive energy. Attendees represented a diverse mix of end users, A&D professionals, and contractors from across the country, which made for valuable conversations and connections. The show hours struck the perfect balance—long enough to engage without feeling drawn out. Thank you for hosting such a well-organized and impactful event!" —Paul McKinney, National Healthcare Segment Director, Gerflor USA*

*"HFSE 2025 was a fantastic opportunity to engage with caregivers and architects who share a passion for advancing behavioral and mental health environments. At Pineapple, we believe the environment itself can serve as a form of treatment, and it was inspiring to see so much enthusiasm for solutions that de-institutionalize care and create more normative, human-centered spaces." —Daniel White, Principal, Pineapple*
